BREAKWATER DAY CAMP

Clean Bay Restaurant Certification Program

State and local requirements mandate that the City storm water inspectors examine restaurants to ensure the implementation of appropriate practices in order to prevent pollution into the Storm Drain system which leads into the Bay and the Ocean.

In order to encourage the eating establishments to implement such practices and conduct cleaner operational behaviors, the City in a joint effort with the Santa Monica Bay Restoration Commission has begun to implement a "Clean Bay Restaurant Certification Program." The establishments that employ the appropriate Best Management Practices (BMPs) are recognized as the "Clean Bay Restaurants." These restaurants will be awarded Certification along with a Decal to display in their window.

Implementation of the appropriate BMPs is an ongoing effort and must be completed by all Restaurant owners and operators. For more information regarding the City of Redondo Beach Storm Water and Certification Program, please contact Mr. Mike Shay at 310-318-0661, Ext 2455.

Thanks to the restaurants below that were rewarded the Certifications for their cooperation and implementation of the appropriate BMPs. Look for the names of these establishments on the SMBRC Web site @ www.santamonica.org under Clean Bay Restaurant Certification.

Best Western Sunrise at
Redondo Beach
400 North Harbor Drive

Marie Callender's
2979 Artesia Boulevard

Blue Water Grill

110 North International Boardwalk

Western Bagel
403 N Pacific Coast Hwy # 107

TEMPORARY BIN SERVICE

If you are planning a do-it-yourself project such as clearing your yard's overgrowth, removing a shed, or simply cleaning out the garage, you should rent a bin. The trash from these kinds of projects is usually more than a normal week's accumulation, and its bulkiness makes it difficult to bundle.

Bulky item pick-ups are only for items such as refrigerators, stoves, and mattresses. The cost

of a bin depends on its size and the level of service needed. For more information, call Consolidated Disposal Service at 1-800-299-4898.
